

UNIPROMOTION CO., LTD.

Global Manufacturing & SCM Partner

Global Manufacturing & Logistics Solutions

About UNIPROMOTION

UNIPROMOTION CO., LTD. is a global trade house and supply chain management (SCM) specialist headquartered in Seoul. Operating at the intersection of international manufacturing, fashion, and logistics, we go beyond traditional trade intermediation — functioning as a centralized SCM control tower that manages the entire product lifecycle on behalf of our global partners.

Global Network

A strategic production network spanning Asia and the MENA region, including China, Vietnam, India, Bangladesh, Indonesia, Egypt, and beyond.

SCM Expertise

Comprehensive supply chain management providing real-time visibility at every stage — from raw material sourcing through to final delivery.

Quality Assurance

An independent, on-site QC team implementing a rigorous three-stage inspection protocol across all manufacturing partners.

Trusted Partnership

Long-term partner relationships built on a foundation of transparency, NDA-protected confidentiality, and dedicated account management.

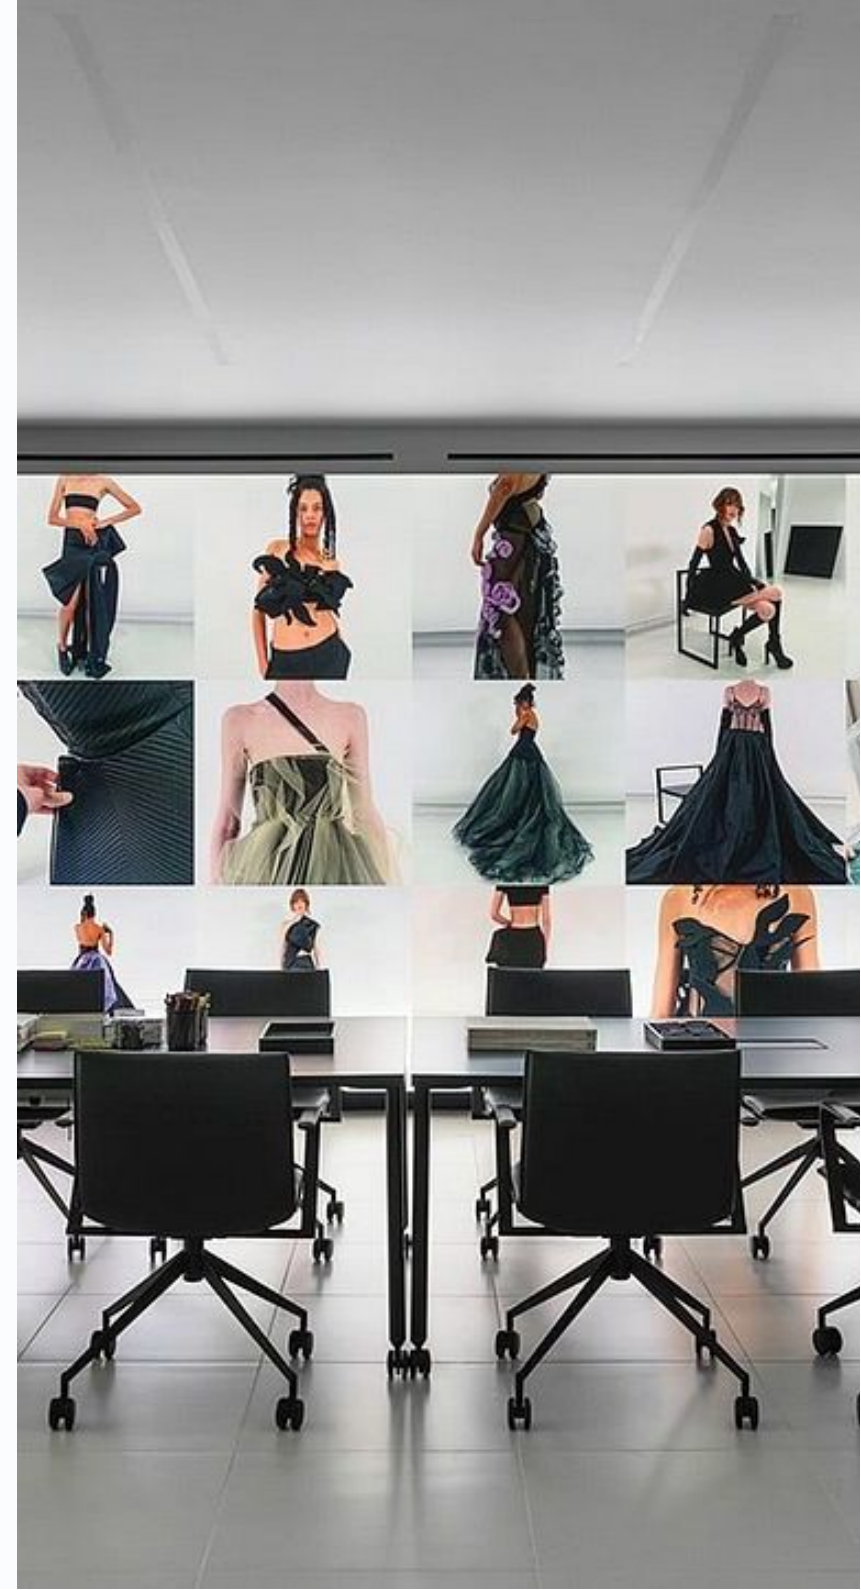

"From concept to delivery — we engineer precision into every step of your supply chain."

Executive Overview

Introduction: UNIPROMOTION CO., LTD. is a premier global trade house and SCM specialist. Going beyond simple trade intermediation, we function as a centralized control tower overseeing the entire product lifecycle — from raw material sourcing to final destination delivery.

Core Identity

- Advanced SCM control tower capabilities
- Multinational production infrastructure (China, India, Vietnam, Bangladesh, Indonesia, Egypt)
- Trusted partner to global fashion brands and international buyers

Global Integrated Supply Chain Process

From initial briefing to final delivery — a fully integrated workflow

Briefing & Planning

Buyer requirements analysis, tech pack review, schedule development

Sourcing & Sampling

Premium fabric and trim sourcing, sample development and approval

Factory Allocation

Strategic factory selection based on cost, capacity, and compliance

Production & Inline QC

Real-time production monitoring with inline inspection protocols

Final Inspection & Compliance

Final audit by independent QC team, compliance verification

Logistics & Delivery

Direct shipment coordination, customs clearance, on-time delivery

Strategic Global Production Hubs

From raw materials to retail – UNIPROMOTION CO., LTD. manages every link in the supply chain.

Apparel & Sewn Product Manufacturing

Bangladesh & Egypt

High-volume production · EU EBA duty-free advantages

China & Vietnam

Advanced technology facilities · Premium apparel & fast turnaround

India

Vertical integration · From raw cotton to finished textile products

Indonesia

Premium leather goods, handbags & fashion accessories · Exquisite craftsmanship

Production Capabilities

6 Strategic Manufacturing Countries

With globally audited partner factories

Rigorous 3-Stage QC

Inline, midline, and final inspections conducted at all facilities

99.2% On-Time Delivery Rate

Achieved through digitalized production scheduling & ERP integration

Beyond mere sourcing – we engineer your supply chain for maximum efficiency and compliance.

A photograph of several stacked shipping containers. The top two containers are red and feature the 'CAI' logo. Below them are yellow containers with the 'MSC' logo. A small portion of a blue container is visible at the bottom right. The sky is clear blue.

Core SCM Capabilities: End-to-End Integrated Management

UNIPROMOTION provides a seamless, stress-free supply chain solution so that buyers can focus entirely on growing their brand.

Raw Material Sourcing

Through our extensive global network, we seamlessly source premium fabrics and trimmings at competitive Tier 1 pricing.

Lead Time Optimization

Digitalized production scheduling and agile ERP/POS integration enable us to achieve a 99% on-time delivery rate.

Supply Chain Risk Management

We track logistics, port conditions, and raw material costs in real time to proactively prevent bottlenecks before they occur.

Integrated Quality Assurance & One-Stop Project Management

Through an integrated QC and project management framework, every order is executed with precision from initial sampling to final delivery – with absolutely no compromise on quality standards.

On-Site Quality Control (QC)

Dedicated, independent QC teams stationed directly at production facilities. A rigorous three-stage inspection protocol – inline, midline, and final – is conducted across all manufacturing partners to eliminate defects at every stage.

Global Compliance & Sustainability

Full adherence to international chemical safety regulations (REACH), eco-material standards, ethical sourcing codes, and buyer-specific audit requirements. Fully aligned with the most stringent global brand guidelines.

End-to-End Project Management

From tech pack review and sample approval through bulk production monitoring, packaging oversight, and final shipment coordination – our comprehensive project management ensures seamless execution at every touchpoint.

Why Partner with UNIPROMOTION?

Partnering with UNIPROMOTION delivers clear advantages rooted in our commitment to efficiency, flexibility, and transparency.

Cost Efficiency

Dynamic factory allocation based on target pricing, tariff advantages, and order complexity.

Flexibility & Agility

Fast fashion ready. A responsive system optimized for rapid lead times, reasonable MOQs, and quick seasonal reorders.

Trusted Transparency

Real-time production updates, transparent financial structures, and long-term strategic partnerships built on strict NDAs.

Merchandising & Goods Production Portfolio

A selection of past merchandise projects delivered for global brand partners.

LEGOLAND Korea — Apparel & Accessories

Mundo Mendo — Illustrated Goods & Stationery

Natalie Karpushenko — Photography Merchandise

Your Partner for Global Success
